

CAREER RISING

Are you between 15 and 19 years old?

Connected to Community Services?

Ready to gain work experience and skills this summer?

Want to earn funds towards college/university?

ABOUT US

After launching in 2017, Career Rising has expanded across the province to provide youth in rural communities an opportunity to gain employability skills, benefit from a paid work experience and receive financial support for post secondary education

During the duration of the program, youth have the opportunity to participate in a two week training session where they gain employability skills, and receive various certifications

Youth are then transitioned into a selected work experience where they are supported by their local coordinator and become a member of a team by learning new skills, and earning an income

PROGRAM EXPERIENCES

"The program taught me how to achieve my goals in a short period of time, and how to be more productive."
- Youth Participant

"Before working this summer, I never really wanted to go to work, but ever since I started, I have had my eyes opened to things that interest me, like hands-on work."
- Youth Participant

"I have personally bonded with each youth, and hope to keep in contact with them after the program is over because I know that when given the chance, they can do great things."
- Employer
